

MPAtlas Admin Fields	Database Columns	Data to be Entered
Other reference id codes:	other_ids	
Name:	name	Common Name in English
Long Name:	long_name	Longer version of name if needed
Short Name:	short_name	Nickname if needed
Slug:	slug	
Sovereign Country:		
Country/Territory:	country	
Sub Location:	sub_locati	Region
Verification State:	verificati	
Verification Reason:	verifica_1	
Verified By:	verified_b	
Date Verified:	verified_d	
Designation:	designatio	Designation (original language)
English Designation:	designat_1	Designation (in English)
Designation Type:	designat_2	National/International
IUCN Category:	iucn_categ	
International Criteria:	int_criter	
Status:	status	Proposed, Designated, Defunct
Status Year:	status_yea	
Implemented:		Y/N (management plan, boundaries/zones, etc)
Implementation Date:		
No Take:	no_take	Y/N/Unknown
No Take Area km ² :	no_take_ar	Area (km ²)
Reported Marine Area km ² :	rep_m_area	reported marine area
Calculated Marine Area km ² :	calc_m_are	calculated marine area
Reported Area km ² :	rep_area	reported total area (including land, if applicable)
Calculated Area km ² :	calc_area	calculated total area
Governance Type:	gov_type	National/International
Management Authority:	mgmt_auth	Who/what is the MPAs managing authority
Management Plan Type:	mgmt_plan_	Type of Management Plan
Management Plan Reference:	mgmt_pla_1	Citation for management plan information
Main Contact:	contact_id	Primary contact for management structure
Conservation effectiveness:	protecti_4	

Fishing:	fishing	If fishing is allowed in the MPA (unknown/yes/no/some restrictions)
Fishing info:	fishing_in	Additional information about fishing
Fishing citation:	fishing_ci	Citation for fishing information
Access:	access	If there are access restrictions in the MPA (unknown/yes/no/restricted)
Access Info:		
Access citation:	access_cit	Citation for access information
Primary conservation focus:	primary_co	Primary Conservation Focus (biodiversity protection, biomass enhancement, cultural heritage)
Secondary conservation focus:	secondary_	Secondary Conservation Focus (biodiversity protection, biomass enhancement, cultural heritage)
Tertiary conservation focus:	tertiary_c	Tertiary Conservation Focus (biodiversity protection, biomass enhancement, cultural heritage)
Conservation focus info:	conserva_2	
Conservation focus citation:	conserva_1	Citation for conservation focus information
Conservation focus citation:	conservati	
Protection focus:	protection	Protection focus (unknown/ecosytem/focal species)
Protection focus info:	protecti_1	Additional information about protection focus (unknown, ecosystem, focal issues)
Protection focus citation:	protecti_2	Citation for protection focus information
Protection focus citation:	protecti_3	
Constancy:	constancy	Year round/Seasonal/Temporary
Constancy:	constancy1	
Constancy citation:	constancy_	Citation for Constancy Determination
Permanence:	permanence	Permanent/Non-Permanent/Non-Permanent (Conditional or Temporary)
Permanence:	permanen_2	
Permanence citation:	permanen_1	Citation for Permanance Determination
Area Notes (from WDPA):	wdpa_notes	
Area Notes:	notes	
MPA Summary Site Description:	summary	Currently where everything else goes, summaries, timelines, soc media links, news, etc....
Is Point:	is_point	Is a point with buffer, not actual boundaries
Categories:		"Shark Sanctuaries", "World Heritage Site"
	Have no counterpart in MPAtlas Admin data entry area	
	OBJECTID_1	
	mpa_id	MPAtlas number
	wdpa_id	Pre-entered from WDPA
	usmpa_id	
	marine	Marine Area? (from WDPA, all of ours should be yes)

	point_geom	
	Shape_Leng	
	Shape_Le_1	
	Shape_Ar_1	
	Shape_Le_2	
	Shape_Area	
	OBJECTID	
	Shape_Le_3	
	Shape_Ar_2
